SELF-FUNDING DIFFERENCE

As the cost of healthcare continues to escalate, more and more employers are looking for alternative solutions. Self-funding offers employers a powerful, practical alternative to traditional insurance.

Self-funding allows employers to directly fund their actual claim costs while limiting their risk with the purchase of stop-loss insurance.

With a traditional fully insured plan, the insurance company pays for most medical services and members are responsible to pay small out of pocket expenses in the form of deductibles, copays and coinsurance. The insurance company keeps the unused funds when your claims are lower than expected.

In a self-funded plan, the employer pays for medical services up to a higher predetermined amount, but purchases stop-loss insurance to reimburse the plan if that amount is exceeded.

Stop-loss insurance protects the employer's plan against individual catastrophic claims (specific stop-loss) and their total claim expenses (aggregate stop-loss) that exceed their annual predetermined maximum claim liability. Amwins Connect Administrators is the Third Party Administrator that processes, manages, and pays claims on behalf of the employer's plan.

For more information, please watch the [HealthyAdvantage Claims Fund video](#)

It works a lot like fully-insured, with one BIG difference...

Re-Insurance / Stop-Loss Claims Reserve

Who owns the claims reserve?

SELF-FUNDING REGULATION

HealthyAdvantage is governed principally by the federal Employee Retirement Income Security Act (ERISA). Federal law permits self-funded groups to reduce the burdens and added costs of state and Federal regulations.

State regulations benefit some fully-insured groups whose health costs are higher than the norm. However, groups with expenses less than the norm must pay substantially higher premiums to subsidize groups with serious health problems. *HealthyAdvantage* was designed to provide an alternative that helps these employers to capitalize on their good health by self-funding their medical costs.

The most important service you provide to your clients is complete information about their group benefit options. The decision to engage in self-funding should be made only when the employer has a complete understanding of how it works.

When implemented correctly, self-funding can result in significant savings.

It is important to understand the impact serious medical conditions have on the employer group's health care costs. Self-Funding may not be the best option for groups with serious medical conditions.

State Mandated Benefits. Self-funded employer plans are not required to offer coverage's mandated by state law. Federal law mandates such as COBRA, TEFRA and minimum maternity stay do apply. Despite their exemption from state mandated benefit laws, *HealthyAdvantage* plan designs include many state-mandated benefits for competitive reasons.

Licensing & Registration. We appreciate the opportunity to earn your business. Prior to offering *HealthyAdvantage* to your clients and prospects you will need to get registered and appointed with us.*

*Authorization, registration and appointment are at the sole discretion of Amwins Connect Administrators.

HEALTHYADVANTAGE PLAN COMPONENTS

With *HealthyAdvantage*, participating employers pay a monthly bill, similar to a monthly fully-insured premium bill. The monthly billing statement has two key components, claim funding expenses and fixed costs.

Claims Fund

The claims funding amount is determined when Underwriting completes a risk analysis based on the group's demographics, enrollment, and individuals' medical history. Expected claims may be adjusted based on medical underwriting prior to an underwritten rate offer. The monthly claims prefunding are determined by Underwriting and the stop-loss insurance carrier.

The monthly invoice is designed to prefund 1/12th of the maximum expected cost of the health plan. The claims fund contributions are deposited monthly upon receipt of payment.

All unused claim funds are refunded to the employer at the end of the contract term.

Third-Party Administration

As a Third Party Administrator (TPA) Amwins Connect Administrators provides health benefit administration to ensure an unparalleled level of service including:

1. Claims administration, adjudication & payment
2. Enrollment & billing
3. Customer Service
4. Utilization review, large claim management & cost containment

Provider Networks

Preferred Provider Organization Network (PPO)

HealthyAdvantage provides access to local and national PPO networks. PPOs have agreed with an insurer or a third-party administrator to provide healthcare services at discounted rates to the insurer's or administrator's clients.

HealthyAdvantage has access to multiple PPO networks across the country. Contact Amwins Connect Administrators today at gbs.gbsalesandmarketing@amwins.com to review which network may be right for your client.

HealthyAdvantage primarily uses the CIGNA PPO Network. NO REFERRALS are necessary. Pre-Certifications may apply to certain procedures.

HEALTHYADVANTAGE PLAN COMPONENTS

Provider Networks (continued)

Pharmacy Benefit Manager (PBM)

HealthyAdvantage plans offer multiple pharmacy benefit options. The PBM determines the formulary, negotiates prescription prices and processes all in and out-of-network pharmacy claims.

Referenced Based Pricing (RBP)*

HealthyAdvantage plans offer a Medicare referenced based pricing model in specific markets. RBP pays providers Medicare's negotiated rate plus an additional percentage.

*RBP is currently being utilized on a case by case basis. Please contact your sales representative for additional details (gbs.gbssalesandmarketing@amwins.com).

Stop Loss Insurance

The Stop-Loss Insurance Contract provides insurance to reimburse covered medical costs that exceed predetermined limits. This insurance protects the employer's plan from large claims as well as total claims that exceed their annual maximum costs. The stop-loss policy must satisfy applicable state laws with regard to specific and aggregate limits.

Stop Loss insurance may offer two protections for self-funded plans, specific and aggregate.

Specific Stop-Loss Coverage

In the event a single member experiences large claim amounts, specific stop-loss insurance insures the employer's plan for any claims that exceed the specific deductible level (ex. \$20,000). Specific stop-loss regulations vary state to state. The Specific deductible covers every enrolled person in the plan.

Aggregate Stop-Loss Coverage

Aggregate stop-loss insurance insures the plan when the sum of covered claims paid for all covered persons for the year exceeds the predetermined aggregate annual attachment point.

The policy also provides monthly advances if claims exceed the balance in the claims fund through the purchase of aggregate accommodation insurance.

Aggregate Accommodation

Covered claims can exceed the amount the plan has deposited in the claims fund. In this case, due to the aggregate accommodation provision of the stop loss policy, amounts are advanced by the stop loss insurance carrier to cover any deficit.

Stop Loss reimburses the plan; it does not pay benefits to employees.

HEALTHYADVANTAGE PLAN COMPONENTS

Stop Loss Insurance (continued)

The monthly invoice is designed to prefund 1/12th of the maximum expected cost of the health plan. If claims exceed the amount the plan has contributed, the stop-loss insurance reimburses the difference (aggregate accommodation).

If the plan terminates the Stop Loss policy before advances are repaid, the plan will be liable for unpaid amounts.

MINIMUM ATTACHMENT POINT (MAP) (12X the 1st month's claims fund)—The predetermined maximum annual amount of claims the group is responsible to pay before the aggregate stop-loss insurance reimburses for the plan year. In the event the claims fund falls below the MAP by the end of the contract period, the group is responsible for the difference IF the claims exceed the predetermined amount funded.

THIS CAN OCCUR WHEN A PLAN HAS A REDUCING AMOUNT OF EMPLOYEE PARTICIPANTS DURING THE COURSE OF ANY PLAN YEAR.

Rate and Deductible Guarantee

Stop loss premium rates and annual employer contributions are guaranteed for one year (unless there are significant changes to the demographics and enrollment of the group during the contract period). Terms and periods appear in the Schedule of Insurance of the Stop Loss policy.

Premium Equivalent

The component parts (claims fund & fixed costs) are combined into a 4-tier fully insured premium equivalent (EE, ES, EC, FAM) for billing, enrollment and COBRA purposes.

Broker Fees

Broker fees are paid monthly upon timely receipt of plan premium. Please refer to Producer Sales Agreement for your agreed upon fees.

To ensure timely and accurate payments, please report any change in address, including email address, to Amwins Connect Administrators' Department of License Compliance at (410) 832-1300 or (800) 638-6085.

Payments paid to an agency can only be changed to pay another entity by obtaining a written release from the current agency or by obtaining a Broker of Record letter from the group. All changes would be effective the first of the month following 45 days from the receipt of the request.

FEATURES AND CAPABILITIES

Benefit Designs

HealthyAdvantage offers a wide variety of PPO plan options to fit any group's health plan needs. There are 20 plan designs with deductibles ranging from \$0–\$7,000.

Thirteen (13) designs use a “traditional” PPO copay plan model where prescriptions, office visits and diagnostic/lab services are subject to co-pays only.

Embedded Designs

HealthyAdvantage plans use embedded deductibles.*

Embedded deductibles allow a single member of a family to meet the individual deductible even if the coverage is through a family plan. The member doesn't have to meet the full family deductible for after-deductible benefits to kick in.

www.amwinsconnecttpa.com/brokerconsultantresources

*QHDHP 1500/100 USES AN AGGREGATE DEDUCTIBLE IN ORDER TO COMPLY WITH THE IRS QUALIFIED HIGH-DEDUCTIBLE HEALTH PLAN (QHDHP) REQUIREMENTS.

QHDHP-HSA eligible plans

HealthyAdvantage offers six (6) QHDHPs designed to comply with IRS requirements.

Field Underwriting & Sales Support

It is the intention of *HealthyAdvantage* to provide a complete risk analysis in an effort to ensure your clients are empowered to make the best healthcare purchasing decision.

If you are unsure whether a group will qualify, our broker representatives can prescreen particular conditions or answer questions for you. We are committed to helping you become familiar with our underwriting criteria and process.

Self-funding may permit more liberal risk acceptance or a lesser rating than would occur in fully-insured products. Therefore, it may be prudent to ask questions of our team even where experience suggests an unfavorable answer.

Field Underwriting Questions:

- Are you aware of any serious medical conditions within your employee population? If yes, what?*
- If applicable, is an HRA claim report available?
- HIPAA permits the collection of Personal Health Information (PHI) for the purposes of underwriting a health benefit program. For more information on employee and employer rights under HIPAA and the treatment of PHI visit www.hhs.gov/hipaa

Open Enrollment

Once plans and payroll deductions are finalized (within 1-2 days of receiving a complete PSA) employees are provided a link (the same link used when completing PHQs) to elect benefits. ***This link will serve as an employee's online access to view benefits, temporary IDs, claims and explanations of benefits (EOBs) throughout the year.***

Post-Enrollment Paperwork

Additional paperwork will be required upon completing the enrollment. These documents are contingent upon the final enrollment. ***Final underwritten rates are based on final enrollment.***

Implementation

Upon receiving all completed items on the New Business Checklist and the employer closing the open enrollment, our team will review all of the documents to make sure everything is accurate and accounted for.

Once all documents are complete, accurate, and accounted for, the group is released to the Account Installation and Management teams. At that point they provide a final quality assurance audit and get the group ready for implementation. ***The implementation of the group takes up to 10-15 business days from the time that the account manager receives all of the paperwork.***

If the submission is past the ***12th of the month prior to the effective month***, the group and consultant are required to sign a late submission letter.

FINANCIAL AND BILLING

Monthly Payment by the Employer

The Employer Benefit Plan is invoiced for the Fixed Costs and 1/12th of the pre-funded claims fund.

The bill is due on the first day of each coverage month and the group must pay the amount billed. Enrollment adjustments will be reflected on the next applicable invoice.

There is a 31-day grace period for late payment of the premium. ***Payment must be received within 31 days or Stop Loss coverage and participation in HealthyAdvantage will be terminated or suspended.***

Claim Prefunding

Employers participating in *HealthyAdvantage* agree to pay a monthly claim amount to prefund anticipated claim costs for the plan. The amount is based on the maximum claim exposure of the plan. The expected claims are determined upon completion of underwriting and/or renewal.

Plan Claims Fund Accounting

Monthly payments allocated to prefund claims are deposited into a bank account established to pay claims. The account is maintained and reconciled by Amwins Connect Administrators.

Amwins Connect Administrators is authorized to substantiate, adjudicate and pay claims, pay stop loss premiums, administrative fees, risk management fees and consultant compensation from the plan's payment.

Claim funds not used for claim payment accumulate in the account. Upon completion of the contract run out period, any funds not used will be refunded to the employer.

Advance Funding Provision: Aggregate Accommodation

Monthly advance funding is automatically provided. Advance funding provides reimbursement to the Plan's claim fund account for claims payable from the policy when the employer's prefunded claim account balance is insufficient.

Medical bills must be received no later than 180 days after an expense was incurred in order to be eligible for consideration and payment by the plan.

Pre-Certification

If an inpatient hospital stay or surgery is planned the participant needs to follow the instructions for precertification or preauthorization which are included in his or her summary plan description*. Penalties may be incurred if a precertification is not obtained

*Summary Plan Descriptions may vary per Stop-Loss carrier.

Plan Claim Payment

As the primary risk bearer, the plan becomes responsible for all claim decisions.

Plans utilize claim adjudication services from Amwins Connect Administrators, as the third party administrator (TPA) and elect to legally delegate claim authority for applicable claim decisions to Amwins Connect Administrators.

Amwins Connect Administrators adjudicates all claims under a stated amount in cases where the claim determination is clear under the Summary Plan Description (SPD) and stop loss contract.

Claim Payment Clarification

In rare cases where the terms of coverage do not produce a clear claim determination, Amwins Connect Administrators coordinates with the plan executive for final claim payment determination.

The plan executive's decision may set precedent on how future like claims are paid. It is necessary for the plan to obtain the stop loss insurance company's approval to determine whether the claim (or one similar) would be payable under the stop loss insurance.

Should a plan elect to override the denial of a claim payment, the dollar amount paid may be considered income to the participant. In such cases, the employer may be required to add this amount as "bonus" wages on the employee's W-2.

Amwins Connect Administrators is not a Certified Public Accountant (CPA). In such cases a certified tax professional should be consulted.

FINANCIAL AND BILLING

Stop Loss Claims

Amwins Connect Administrators is responsible for submitting claims to and paying claims on behalf of the stop loss insurance. Amwins Connect Administrators tracks claim payments to determine when aggregate or specific limits are reached and a stop loss claim needs to be filed.

Amwins Connect Administrators is responsible for filing stop loss claims on the plan's behalf. When stop loss claims are paid, they are credited directly to the plan's account so claims against the plan can be paid promptly.

Health Plan Management Reports

Clients and brokers have access to monthly reports that illustrate claims activity and financial summary. The Aggregate report will reflect their maximum claim fund liability vs. their actual claim payment expenses.

Plan Coverage Changes

Plan changes may only be made at the group's renewal date.

Plan changes must be submitted **12th of the month prior to the renewal effective month** to provide sufficient time to make system changes, issue new member ID cards and Schedule of Benefit certificates to the employees.

COBRA Continuation Services

HealthyAdvantage plans comply with the COBRA Continuation mandate for COBRA eligible employers.
www.dol.gov/general/topic/health-plans/cobra

At the initial implementation and at each subsequent renewal, employers are required to inform Amwins Connect Administrators whether they are subject to the COBRA regulations.

Amwins Connect Administrators COBRA Administrative Services are included in the TPA fee.

COBRA participants are billed the full premium equivalent and the additional 2% administrative charge allowed by law.

RENEWALS

Renewal Rates

Renewal Rates are determined based on claims data, new enrollees, and any changes made to the group or benefits. Rates determined at renewal may change due to employee census change within 30 days of the effective.

Costs Subject to Change Annually

Required claim prefunding is adjusted at the start of the new plan year based on changes in anticipated claim costs for the coming year. This claim fund is unique to the new plan year. Any left-over claim funds from the prior year will be refunded to client and not rolled over to the next year.

TPA Administration Fees

The fee charged by Amwins Connect Administrators for claim administration, medical management services, customer service and other services may be adjusted annually.

Stop-Loss Premiums

The Stop-Loss Insurance carrier may adjust charges for stop loss premiums annually. Any changes to the above costs will be reflected on the first monthly invoice of the subsequent contract period.

PHQ's

PHQs are collected for new enrollees throughout the year and for new enrollees at renewal. Renewal rates are contingent upon the receipt of complete and underwritten PHQs. Underwriting reserves the right to collect additional member information in advance of renewal for PHQs collected during the plan year.

RENEWALS

Renewal Contract Terms

Plans may receive an offer for a subsequent plan period following the first year of coverage. Rates for this plan period reflect claims experience and changes in health status among participating members of the plan, changes in coverage, and changes to the enrollment.

Renewal Checklist

The Renewal Checklist is a compilation of everything needed to continue, implement and bind renewal coverage. The majority of documents can be completed and retuned using DocuSign via our proprietary AmQUE platform.

Non-Renewal

If the group no longer meets the participation/eligibility requirements or is considered a poor risk they will be provided 60 days written notice of non-renewal.

Plan Termination

An employer's participation in *HealthyAdvantage* can be terminated upon notice for any of the following reasons:

- ✓ Any portion of the billed monthly cost is not received in accordance with Financial and Billing guidelines
- ✓ The group fails to maintain minimum enrollment and participation
- ✓ There is evidence of fraud or misrepresentation.
- ✓ There is non-compliance with plan or Stop Loss policy provisions.
- ✓ The business is no longer engaged in the same business that it was on the effective date
- ✓ All Stop Loss coverage in the state in which the group is located is terminated.
- ✓ The business moves to a state where *HealthyAdvantage* is not offered.
- ✓ The group submits a voluntary written request for termination

Refer to the Stop Loss policy for termination provisions specific to Stop-Loss coverage.

RENEWALS

Early Termination Provision

In the event the group terminates their plan during the plan year (i.e., nonpayment or per request) all benefits end the last day of the month for which payment has been received.

Early termination requests are processed first of the month following 30 days of receipt.

Should the group terminate the plan early, coverage ends the date of termination and no claims prior to or after termination will be paid by Amwins Connect Administrators or covered by the stop loss insurance contract. Any claims incurred but not paid by the termination date will be the financial responsibility of the employer. HealthyAdvantage utilizes a 12-month contract, designed to be entered into for the entire year.

Reinstatement Provision

In the event of termination, the plan may request reinstatement within 5 days following the date of termination.

Reinstatement is at the sole discretion of Amwins Connect Administrators and the Stop Loss Insurance Carrier. Consideration will include prior premium and claim history.

If reinstatement is approved, coverage will be reinstated retroactive to the termination date contingent upon receipt of all outstanding premiums, including the current month plus \$500 Plan reinstatement fee.

Broker of Record (BOR) Changes

BOR change must be requested in writing on the groups' letterhead and signed by an officer or owner of the company.

- ✓ Letters cannot be dated more than 60 days prior to the receipt date.
- ✓ BOR changes are effective the first of the month following 30 days from the receipt of the group's request.
- ✓ BORs must be registered, appointed and approved by Amwins Connect Administrators.
 - The BOR change effective date can be delayed until such appointment is complete.
