This is a request for Aetna to cover ongoing care at the highest level of benefits from:

- An **out-of-network doctor**
- A **doctor whose Aexcel,[®] or plan sponsor specific network status has changed**
- **Certain other health care providers** who have treated you

Once we review your completed form, we will send you a letter explaining our decision regarding your request for transition-of-care coverage.

Step 1: Fill out these sections:

1. Section 1 - Group or employer Information.
2. Section 2 - Subscriber and patient information: Aetna plan information is on the front of the Aetna ID card).
3. Section 3 - Authorization: Read the authorization, then sign and date the form. (If patient is age 17 or older, he/she must also sign and date this form.)

Step 3: **Fax** the completed form to Aetna for review. Note: Complete one form for each health care provider.

NOTE: A request for transition of care coverage **does not** apply if your provider is in Aetna's network (participating). Our DocFind[®] online provider directory is at www.aetna.com. It can tell you if your doctor is in the network or help you find a participating provider for your Aetna plan. You can also call us at the phone number on your Aetna ID card.

Fax medical and mental health/substance abuse requests to 1-859-455-8650

Be sure to complete all fields on page 4 before you submit this request form. It will speed up the processing of your transition-of-care request.

Q. What is California transition-of-care (TOC) coverage?

A. TOC coverage allows for minimal disruption of care and permits a member to continue care for a transitional period of time, without penalty, at the preferred plan benefits level-even when his/her healthcare provider is not in Aetna's network. TOC coverage applies to the following types of providers: individual practitioners, medical groups, independent practice associations, acute care hospitals, or institutions licensed in California to deliver or furnish health care services. Examples of individual practitioners include doctors, psychiatrists, licensed therapists and qualified autism service providers, professionals or paraprofessionals.

In California, TOC coverage is provided under certain circumstances for the completion of covered services for the following conditions:

- Pregnancy is the three trimesters of pregnancy and the immediate postpartum period.
- An acute condition that involves the sudden onset of symptoms due to an illness, injury, serious mental illness or other medical problem that requires prompt medical attention and that has a limited duration. Completion of covered services will be provided for the duration of the acute condition.
- Previously scheduled surgery or other procedure as part of a documented course of treatment. The documentation must show that the provider recommends to occur within 180 days of the provider's contract termination date or within 180 days of the effective date of a newly covered enrollee.
- A terminal illness that is an incurable or irreversible condition and has a high probability of causing death within one year or less. Completion of covered services will be provided for the duration of the terminal illness.
- A chronic medical condition or serious mental illness due to a disease, illness, or other medical problem or medical disorder that is serious in nature and that persists without full cure, worsens over an extended period of time, or requires ongoing treatment to maintain remission or prevent deterioration. Completion of covered services will be provided for a period of time necessary to complete the course of treatment and to arrange for a safe transfer to another provider, as determined by the health plan, in consultation with the member, the nonparticipating or terminated provider, and consistent with good professional practice. Coverage will not exceed 12 months from the contract termination date or 12 months from the effective date of a newly covered enrollee.
- Any services related to the care of a child ages 0-36 months up to 12 months from the provider's contract termination date or 12 months from the effective date of coverage for a newly covered enrollee.

Q. When does California transition of coverage apply and when does Aetna transition of coverage apply?

A. Below are the possible situations when transition coverage will be considered:

- California TOC – You are an existing member of an **Aetna traditional (non-HMO) plan and your participating provider terminates a contract with Aetna** while you are receiving services from the provider for one of the conditions described above at the time of the provider's contract termination. California TOC also applies if you are a newly covered enrollee under an **individual** traditional (non-HMO) health care service plan whose prior coverage was terminated between December 1, 2013 and March 31, 2014 and you were receiving services for one of the conditions described above.
- Aetna Standard TOC – You are a **newly covered enrollee of a traditional (non-HMO) plan**, the treatment for conditions listed above must have started before the enrollment or reenrollment date and:
 - Your provider is not in the Aetna network.
 - Your provider's Aexcel[®] network status changes, which affects your benefits.
 - Your provider is not included in the Aexcel[®] network and your benefits change to include the Aexcel[®] network.

Q. What is Aetna TOC coverage?

A. Aetna TOC coverage is considered for an active course-of-treatment, meaning that you have begun a program of planned services with your doctor to correct or treat a diagnosed condition. The start date is the first date of service or treatment. An active course of treatment covers a certain number of services or period of treatment for special situations. Some active course-of-treatment examples may include, but are not limited to:

- Members who enroll with Aetna after 20 weeks of pregnancy. Members less than 20 weeks pregnant whom Aetna confirms as high risk are reviewed on a case-by-case basis.
- Members who have completed 14 weeks of pregnancy or more and are receiving care from an Aetna participating practitioner whose network status changes.
- Members in an ongoing treatment plan, such as chemotherapy or radiation therapy.
- Members with a terminal illness, expected to live six months or less.
- Members who need more than one surgery, for a condition, such as cleft palate repair.
- Members who have recently had surgery.
- Members who receive outpatient treatment for a mental illness or for substance abuse. (The member must have had at least one treatment session within 30 days before the status of the member or participating health care provider changed.)
- Members with an ongoing or disabling condition that suddenly gets worse.
- Members who may need or have had an organ or bone marrow transplant.

For members newly enrolled in an Aetna traditional (non-hmo) plan, Aetna standard TOC coverage typically lasts 90 days, but this may vary based on your condition (for example, pregnancy).

To be considered for TOC coverage, treatment must have started 1) before the enrollment or re-enrollment date, 2) before the date your doctor left the Aetna network, or 3) before the date a doctor's network status changed.

Q. What other types of providers, besides doctors, can be considered for TOC coverage?

A. TOC coverage may also apply to physical therapists, occupational therapists, speech therapists, and agencies that provide skilled home care services such as visiting nurses. Providers considered for transition coverage may vary by condition, as described above, in accordance with California law. California TOC coverage does not apply to durable medical equipment (DME) vendors or pharmaceutical items.

Q. If I am currently receiving treatment from my doctor, why wouldn't my request for California TOC coverage or for Aetna standard TOC coverage be approved?

A. If you are currently receiving treatment, the procedure or service must be a covered benefit. Your doctor must also agree to accept the terms outlined in the TOC request form.

Q. My PCP is no longer an Aetna provider. If my plan requires me to select a PCP, can I still see my doctor?

A. If you are currently receiving treatment (as described above), you may still be able to visit your PCP, even if he/she leaves the network. If not, you may need to select a PCP in the Aetna network. Talk to your PCP so that he/she can help you with your future health care needs.

Q. How do I sign up for TOC coverage?

A. Contact your employer or benefits department. You or your doctor must submit a TOC request form to Aetna:

Within 90 days of when you enroll or re-enroll

Within 90 days of the date the health care provider left the Aetna network

Within 90 days of a doctor's network status change

Q. How will I know if my request for TOC coverage is approved?

A. You will receive a letter by U.S. mail. The letter will say whether or not you are approved.

Q. Does TOC coverage apply to the Traditional Choice®?

A. No. This plan does not have a provider network.

Q. What if I have an Aexcel or plan sponsor specific network plan?

A. If TOC coverage is approved, you can still receive care at the highest benefits level for a certain time period. If you continue treatment with this doctor after the approved time period, your coverage would follow what is stated in your plan design. This means you may have reduced benefits or no benefits.

Q. What if I have more questions about transition-of-care coverage?

A. Call the Member Services phone number on your Aetna ID card. If you have questions about TOC mental health services, you can call the Member Services phone number on your Aetna ID card or, if listed, the mental health or behavioral health phone number.
