

Waive preventive services from deductible and annual maximum

Makes preventive care easy and affordable

Humana dental plans include two important waivers that make it easy and affordable for employees and their dependents to achieve and maintain good oral health.

Waive the deductible on preventive services is standard with Traditional Preferred (Plus), PPO and Preventive Plus plans for groups of two or more.

Waiving preventive services from reducing the plan annual maximum is available as an option on Traditional Preferred (Plus), PPO and Preventive Plus.

Waive deductible on preventive services advantages

- Makes preventive care easy and affordable for employees because preventive care is covered 100% with no out-of-pocket costs
- Encourages members to access preventive care

Waive preventive services on annual maximum advantages

- Helps hold down premium costs by providing an alternative to selecting a plan with a higher annual maximum and cost
- An estimated \$370 in claims costs for two routine exams, X-rays and cleaning would otherwise count against the annual maximum
- Offering this benefit can be a creative way of enhancing a group's plan with minimal premium impact
