

Small groups can get a free month of dental!

We are running a dental premium promotion for effective dates of October 1, 2020 through January 1, 2021.

Small groups will receive a one month premium credit when:

- A Dental PPO or DentalNet DHMO is purchased with a new or added to an existing small group medical plan.
- A stand-alone Dental PPO or DentalNet DHMO plan is purchased.

The premium credit will apply in one of the first three months depending on the medical and dental plan.

Please note that if a group adds employees or dependents after their initial group set up date, the employer will be responsible for those premiums.
