## CLIENT TESTIMONIALS

**Don't just take our word for it! Checkout some feedback from our clients:**

“

Guardian HR has such a wealth of resources, training, and examples to help with any HR need. Our dedicated HR Manager responds quickly and is so knowledgeable and friendly. Most importantly to me, though, she always follows through and follows up on the things she says she is going to do.

Unfortunately, we are being forced to reduce our workforce and to do so very quickly. Last night, I emailed my dedicated HR Manager for seven severance agreements that need to be delivered first thing tomorrow morning. In a matter of hours, she provided me with the documents. The fact that she came through for us on short notice demonstrates her ongoing commitment to her customers.

“

Guardian HR has been a great partner in assisting with our annual handbook updates and staying on top of ever changing state employment laws. We appreciate our dedicated HR Manager's quick response times and deep compliance expertise!

We are a small business, and it's very hard to keep up with all of the constant local, state, & federal HR changes. We are very confident in all of our HR practices, and they have been "bulletproof" every time we have had an issue arise. I highly recommend Guardian HR for all of their services.
