WHY IS VISION CARE SO IMPORTANT?

You only get two eyes! That's why caring for them is such an important part of your overall health, and can help to reduce chronic problems caused by eye strain (like frequent headaches). **It all starts with an eye exam.** Besides evaluating how well you can see, a routine eye exam can help with early detection of health complications such as diabetes or hypertension.

Blue Cross Vision offers you the widest range of benefits that makes it easier to take care of your vision, like:

- Affordable rates
- A low \$10 copay for routine eye exams at network providers
- Special negotiated rates on lens options such as UV treatment or scratch protection—we pass the savings on to you
- Your choice of any frames at network retailers, with no restrictions
- Evening and weekend hours at network providers
- The convenience of not needing to submit receipts for in-network providers

You also get significant discounts at network providers:

- **40% off** a complete pair of prescription eyeglasses*
- **20% off** non-prescription sunglasses
- **20% off** your balance beyond plan coverage
- **15% off** the retail price for laser vision correction, or **5% off** the promotional price
